TABLE OF CONTENTS

The purpose of this handbook is to describe the university and school policies that deal with your role as a graduate student. This includes School of Dance policies regarding eligibility, performance review, and enrollment requirements. Address: Robertson Hall, Room 213

Telephone: 325-3811

FAX: 325-5346

Email: gradinfo@ou.edu

Web Address: www.gradweb.ou.edu

Administrative Officers:

T. H. Lee Williams, Ph.D., Vice President for Research and Dean of the Graduate College

Amelia M. Adams, M.A., Assistant Dean

The Graduate College is the center of advanced study, research, and creative activity at the University. Faculty and students share an obligation to achieve greater knowledge in their chosen fields, to add to that knowledge, and to present it to the scholarly community. The Graduate College strives to develop in each student a firm grasp of a chosen field, the skills and methods of research, and the ability of independent thought. To this end, the campus provides excellent library, laboratory, and learning facilities as well as a close association with scholars and research investigators.

The Graduate Faculty has responsibility for instruction, for guidance of graduate students in the development of their programs and for pursuing investigations associated with a particular field or discipline. **Graduate students are expected to demonstrate initiative and assume responsibility for the progress of their studies. Class work can be no more than a basis for wider reading and personal inquiry. The student must master subjects, not merely course assignments. A graduate degree is conferred for mastery of a field and thorough understanding of its related branches.**

A. Courses Approved for Graduate Credit

Graduate credit for work successfully completed at the University of Oklahoma is allowed only for courses listed with a G before the course number in the current general course catalogue. Daggered G courses (†G) are not applicable for graduate credit for majors in the academic unit offering the courses.

The academic unit and/or advisory committee and the Graduate Dean determine whether or not a particular course is acceptable as credit toward the degree on which the student is working.

Graduate credit for work successfully completed at the University of Oklahoma Health Sciences Center is allowed only for courses listed in its Graduate College Bulletin. Courses taken by a student in a combined undergraduate degree may not apply toward a graduate degree.

B. Grades in the Graduate College

The grades awarded in the Graduate College are A, B, C, D, F, S, U, I, W and X. The following explanations apply only to those courses which are approved for graduate credit.

Students may not repeat a course in which they have earned a grade of A or B unless the course is one in which there is a change of content.

D is failing insofar as credit toward the graduate degree is concerned, and cannot be used to satisfy prerequisite requirements and/or requirements for certificates.

S and U are neutral grades meaning Satisfactory and Unsatisfactory. U indicates that no credit is received for the work undertaken. The grade of S signifies quality of B work or better. The S grade may not be used for lecture/recitation courses except with the expressed approval of the Graduate Dean.

S is the only passing grade accepted for special problems, individual research, and directed reading courses. The grade of S must be used to indicate that a thesis or dissertation is satisfactory.

S and U grades may be used for seminar courses provided that the seminars are taught on a noncompetitive basis and that all students in the course are graded on this basis.

W - meaning withdrawal, is a neutral grade assigned when the student is passing at the time of withdrawal.

AW - meaning administrative withdrawal, is a neutral grade assigned when the student is involuntarily withdrawn by the institution during the designated semester for disciplinary or financial reasons, or for inadequate attendance.

P and NP meaning Pass and No Pass, are used as grades in a course in which a student has enrolled under the "pass/no pass" grade option. P indicates quality of C work or better.

NP indicates no credit for a pass/no pass option enrollment. The grades of P and NP are considered neutral in the computation of the student's grade point average.

Graduate students may use the pass/no pass option only with courses which will not apply toward a graduate degree.

I - a neutral grade meaning incomplete. It indicates that the student has not yet completed all required coursework. The instructor will indicate to the student what must be done to complete the course and set a time limit appropriate to the circumstances. However, the time allowed may not exceed one calendar year. If by the end of the year, no change in grade has been submitted, the grade of I will become permanent on the student's record. After a grade of I has become permanent, a student may reenroll in the course. Credit for courses in which a student has received an I at the University of Oklahoma cannot be transferred another institution. The one-year time limitation concerning removal of incompletes does not apply to graduate research and certain graduate problems courses.

X is a neutral grade used only for the thesis and dissertation research courses numbered 5980 and 6980, and for thesis and dissertation equivalent courses numbered 5880 and 6880. It indicates that satisfactory progress is being made towards the thesis, dissertation, or its equivalent.

C. Graduate College Standards

The Graduate College is responsible for periodic performance review of graduate students in accordance with the guidelines described below.

Retention: A student can continue as a graduate student as long as the student fulfills the specific requirements of the academic unit; makes satisfactory progress toward the degree; maintains a B average (3.00 GPA) in all coursework attempted (undergraduate and graduate combined) while in the graduate program; and maintains a B average (3.00 GPA) in all graduate coursework attempted while in the graduate program. The rules for retention apply to all graduate students.

Progress Review: The Graduate College monitors each student's academic progress. At the end of the spring semester each School of Dance graduate student will receive a letter of progress. At the end of each semester or summer session the Graduate College will notify those students who fail to meet the required standards of performance.

Satisfactory Progress toward the degree includes, but is not limited to: timely completion of the coursework required for the degree, progress made in completing research, passing of the comprehensive, general examination, or final oral examination, completion of the thesis or dissertation.

Grade Point Average: A graduate student's grade point average is calculated in two ways: 1) on graduate course work only, and 2) on all course work attempted. These grade point averages are determined on the course work taken since the completion of the most recent degree earned at the University of Oklahoma. If either of the two calculations yields a grade point average less than 3.00, the student will be placed on academic probation. All grades obtained in graduate-level courses, whether comprising a part of the degree program or not, will be used in calculating grade point averages for purposes of retention and graduation. Exceptions are grades of S, U, I, X, P, NP, W, and AU, for which no grade points are awarded.

Graduate students, who as undergraduates earned graduate credit that had been approved to form part of their graduate programs, will have these credits used in determining their grade point averages.

Faculty advisors are provided to aid students in making appropriate choices for timely completion of degree requirements in their chosen major. It is ultimately each student's responsibility to enroll in the appropriate courses and monitor the successful completion of degree requirements with regard to the intended date of graduation.

D. Thesis Requirements

Students need to be aware that very specific guidelines and timelines exist for the thesis process. Graduate students should retrieve a Thesis Packet from the Graduate College at the beginning of the academic year they anticipate starting their thesis research. It is imperative that students follow the criteria listed within or run the risk of not fulfilling degree/graduation requirements.

III. THE SCHOOL OF DANCE

MISSION STATEMENT: As the only University School of Dance in the State of Oklahoma, our Mission is to provide pre-professional and/or returning professional students of classical ballet and modern dance with a thorough experiential base of artistic and academic programs designed to prepare them for careers as performing artists, choreographers and teachers; to provide high quality dance performances locally, regionally and internationally stimulating interest in and appreciation for dance as a performing art; to be a positive force in the cultural climate in the State of Oklahoma and the region, interacting with and supporting all art forms.

A. School of Dance Policies

ATTIRE: Proper attire for ballet classes includes pink or black tights, solid colored leotards, and soft ballet shoes for women, t-shirts, tights and soft ballet shoes for men. Pointe shoes are also required in levels III and IV as well as for pointe class, and should be brought to every class meeting and appropriate rehearsal. Proper attire for modern dance classes includes tights without feet and leotards (or unitards) for women, and tights without feet and t-shirts (or unitards) for men. Similar attire with soft jazz shoes is required for jazz class through the School of Musical Theatre. Other dance accessories such as skirts or leg warmers may be worn in class and rehearsal only with the consent of the instructor. Practice clothes are to be clean and neat, and they should permit the instructor's clear observation of the line of the body. Excessive jewelry is not to be worn in class or rehearsal. Women in all dance classes must pin their hair neatly and securely away from the face and neck. No company t-shirts/clothing or anything printed with the School of Dance name can be printed or ordered without the approval by the Director of the School of Dance. All t-shirts/clothing must be prepaid before ordering.

DRESSING ROOMS: Students are expected to enter the studios in their practice clothes; dressing should take place in the dressing (locker) rooms, not in the studios, corridors or bathrooms. Graduate assistant offices may not be used as dressing rooms. Lockers are available in the basement of the Fine Arts Center and on the third floor of the Reynolds Performing Arts Center, and should be secured by each student. To secure a locker, the student simply chooses an unoccupied locker and puts a lock on it. Please notify the School of Dance Staff Assistant as to which locker you have chosen in RPAC. No locker fee is involved. Each student is allowed only one locker. All locks remaining on lockers one week after the conclusion of the summer session will be removed.

STUDIOS: No food or drinks may be brought into the studios. Smoking in the studios is strictly forbidden as is chewing gum and the use of baby powder or rosin on the linoleum floors. The studios are locked when not in use. Students wishing to use a studio must sign up on the master schedule sheets in the School of Dance and should check with faculty members to be sure the FAC studios will be unlocked at the correct time. Swipe cards may be used for entry to RPAC studios. All studios must be left with doors locked and lights turned off. Only rehearsals pertaining to School of Dance classes and productions may be scheduled in the dance studios unless permission is given by the Director of the School of Dance.

ITEMS LEFT IN WARM UP AREA: Items left overnight in the warm up areas outside of the studios in the Reynolds Center will be taken to the Dance Office. There will be a charge to retrieve items confiscated from those areas.

TARDINESS: Classes will begin five minutes after the time designated in the class schedule book in order to allow students time to change into practice clothes. Students will not be allowed to join the class after the first exercise has been completed, and this will be considered an absence. Whether to excuse the student for this type of absence will be up to the faculty member or graduate teaching assistant in charge.

ABSENCES: Only absences resulting from illness or from a death in the student's immediate family are to be excused according to school policy. A doctor's excuse is required in the event of illness. Students are typically allowed as many absences per semester as credit hours per course; therefore, a student enrolled in a class for two credit hours will be allowed two unexcused absences for the semester. Students are advised to ask instructors about individual absence policies beyond this guide. **Students anticipating missing a class or rehearsal due to illness or other legitimate reason are expected to notify the instructor in charge before the class/rehearsal begins.**

ICE PACKS:

Students wanting ice packs must provide their own. Please also be certain to put your name on your ice pack.

OFFICE SUPPLIES: The School of Dance will supply all printing/copying necessary for Graduate Assistant teaching on campus such as the syllabus, any examination/testing materials, readings, and informational handouts. Submit a copy of the syllabus to Kate and a copy of the syllabus with the number of copies made to Rhonda. Graduate Assistants and Fellowship students should supply paper for their own academic writing for classes including the thesis. Additional Thesis reading copies may be made on the copier in the main office rather than the printer in the Graduate Assistant's office.

GENERAL HEALTH: A well-balanced and healthy diet is essential for every dancer. Dancers should be aware that they make extraordinary demands on their bodies, and should treat them accordingly with sound health and nutrition habits. Medical care is available at Goddard Health Center and faculty are able to recommend physicians for specialties upon request. Handbooks with nutritional information and exercise recommendations for dancers are available in the School of Dance office.

BULLETIN BOARDS: All dance majors are required to check the dance and drama bulletin boards daily for announcements, special information, rehearsal schedules, crew assignments, etc. Students wishing to post information on the dance bulletin boards should secure permission from the School of Dance office. The bulletin board opposite the Rupel Jones Theatre loading dock is available for general posting of information by students.

The School of Dance bulletin boards are located:

Outside the east entrance to FAC 110 and on the third floor of RPAC

Inside of FAC 305 and on the second floor of RPAC

For YCS information, on the second floor of RPAC

For crew information, on the University Theatre Callboard by the Rupel Jones upstage right entrance

****Check the bulletin boards a minimum of TWICE daily****

Each student will need a daily planner in which to record rehearsals, meetings and other commitments. If a student neglects to check the bulletin board or record information in a personal calendar and, as a result misses a rehearsal, he/she is not assuming professional level behavior. Please, take this responsibility seriously.

AUDITIONS: Students enrolled in dance courses at the upper levels are encouraged to audition for Oklahoma Festival Ballet and Contemporary Dance Oklahoma. The auditions are required for majors in level II and above. Audition schedules for company will be posted on the dance bulletin boards at the beginning of each semester and all dancers must re-audition (for company) each semester. Dance majors are also encouraged to audition for School of Drama or Musical Theatre productions that do not conflict with the dance performance or touring schedule. Dancers must check with their faculty advisor before auditioning for any productions outside the School of Dance or in any other major area. For specific audition information, please contact the School of Dance Staff Assistant at 325-4051. Auditions for the performing companies are held each semester and summer.

LIBRARY: The dance research materials are housed in the Fine Arts Library in the Catlett Music Center on the southwest corner of Boyd and Elm (basement level) and can be reached at 325-4243. Please become familiar with

the library, and its resources, including periodicals and the listening lab (containing over 200 dance videos and periodicals) in order to be well-informed about current events in the dance world and for the purpose of research.

Hours of Operation:

Monday - Thursday	8:00 a.m. – 9:00 p.m.
Friday	8:00 a.m. – 5:00 p.m.
Saturday	11:00 a.m. – 5:00 p.m.
Sunday	2:00 p.m. – 9:00 p.m.

MEDIA CENTER: Additional dance research materials are housed in the Fine Arts Library in the Reynolds Performing Arts Center Room 2030.

Hours of Operation:

Monday - Thursday	4:30 p.m. – 8:00 p.m.
Friday	12:00 p.m. – 6:00 p.m.
Saturday	Closed
Sunday	2:00 p.m. – 7:00 p.m.

OUTSIDE ACTIVITIES: All dance majors are required to secure the permission of the School of Dance before consenting to become involved with any outside dance activities, which may interfere with their responsibilities as dance majors and company members. Forms for this purpose are available in the School of Dance office. The purpose of this policy is to better coordinate student involvement in all events and to avoid unnecessary schedule conflicts.

EMPHASIS OF DEGREE PROGRAM: All graduate students will be expected to complete the MFA degree program in the emphasis in which they first enrolled. While the School of Dance faculty recognizes the importance of varied experiences during the completion of coursework, the graduate faculty is committed to the goal that each student enter the professional world after commencement with a primary and significant body of knowledge/expertise in one of the two areas that are offered here in the school of dance.

EVALUATIONS: Students majoring in dance will meet with faculty members of the major area on an individual basis at mid-term to discuss the faculty's evaluation of the student's work to that point. Conference sign-up sheets will be posted on the bulletin boards or near individual faculty offices. These meetings also provide students with the opportunity to express their feelings about their work and to ask pertinent questions. All students enrolled in dance classes will have the opportunity to schedule a mid-term conference for each dance course in which they are enrolled and they are strongly encouraged to do so.

GRADE BOOKS: Class records that are maintained by graduate assistants and fellows (for Ballet I classes, etc.) such as grade/attendance books are the property of the School of Dance and should be maintained well and submitted to the office before graduation. This is crucial in the case that a grade question/appeal arises after your departure.

STUDENT PROJECT REHEARSALS: Rehearsals for student projects in dance are to be scheduled around the student's existing class schedule, and should not interfere with the class schedule, crew assignments or rehearsals for major productions. Students participating in these rehearsals are expected to approach them seriously and with the same degree of commitment they would approach a major production rehearsal.

REHEARSAL SCHEDULES: The posted rehearsal time indicates the time at which the rehearsal will begin. Dancers should arrive for the rehearsal early enough to change, warm-up, and be prepared to begin at the designated time. Please be aware that rehearsals sometimes conflict with university scheduled holidays. It is the responsibility of the student to be aware of this and to schedule travel plans accordingly.

It is in the best interest of every dance major to promote the development and welfare of his/her chosen area as well as the entire School of Dance and to generate a spirit of good will, professionalism, and respect for faculty and fellow students. It is expected that each major will take his/her responsibility seriously and with a strong sense of commitment to the exploration and development of his/her full creative potential. Students are encouraged to discuss concerns they may have with a faculty member/advisor so that a satisfactory solution may be found.

YCS REHEARSALS AND PERFORMANCES: Choreographers and cast members are required to attend all rehearsals (studio, technical and dress) and performances unless, by agreement with the choreographer and faculty coordinators, a cast member is released to attend an audition. Dancers and choreographers must make their

intentions known regarding possible auditions one week after casting goes up so that alternates can be chosen and appropriate arrangements made. YCS coordinators, mentors, and faculty must be made aware of these arrangements at the end of that week after casting is posted. If this procedure is not observed, the dancer may not be released to attend the audition.

GRADUATE STUDENT MEETING: Graduate students are required to attend a meeting prior to the first day of the fall and spring semesters. As such, students must communicate with the graduate liaison with respect to their travel arrangements at the end of and beginning of the fall and spring semesters.

VIDEO/AUDIO COPYING REQUESTS: The School of Dance office will copy individual student performances; students will not be allowed to tape their performances. The student must complete a VHS/DVD Reproduction Request form and provide a blank videotape for copying. The cost for copying an individual tape is \$5.00 when a tape is provided. The cost will increase when multiple ballets are copied and students may not request to have more than five ballets copied per tape. Please be advised that a two-week advance notice is required. Entire performances will not be copied, only sections in which the student appears, and only performances where there is not a copyright restriction. There is not a charge for school required audio recordings. However, a VHS/DVD Reproduction Request form needs to be filled out, including the date of the performance, title of the piece, and the start and end times of the excerpts to be copied. Start and end times are to be acquired by the student personally viewing the video in the media center and recording the appropriate times on the form. Also, a blank tape is required along with a five-day advance notice for audio recordings.

Due to copyright and privacy laws, excerpts of School of Dance performances cannot be posted on the internet.

IV. THE NORMAN AREA

Although by location a suburb of Oklahoma City, Norman began and continues as an independent community with a permanent population of approximately 100,000. It has extensive parks and recreation programs, a 10,000-acre lake and park area, a community theater, an art center and art league, museums and galleries and other amenities of a university town.

Norman is a 20-minute drive from Oklahoma City and Will Rogers International Airport. The State Historical Society Archives and Library, the Oklahoma Department of Libraries, the National Cowboy Hall of Fame, the Firefighters Museum, the Omniplex, and the Oklahoma City Zoo. A variety of other art galleries, museums and arts organizations are also nearby.

A. Residency

Under certain conditions students may establish state residency after one year on campus. Information on this policy is available from the Office of Admissions and Records, Buchanan Hall Room 127, 325- 2012.

V. FINANCIAL SUPPORT

Financial support is any financial resource that a student may receive to assist in meeting the cost of attending the University. These resources include financial aid such as federal and state grants, loans, and work-study programs; graduate assistantships; fellowships and scholarships; tuition waivers.

A. Financial Aid Program

The Office of Financial Aid Services administers financial aid programs and some scholarships to assist qualified students with financing their education.

Students are encouraged to apply for need-based financial aid by completing the Free Application for Federal Student Aid (FAFSA) by March 1 for the following fall and spring semesters. Many financial aid programs are available including the Federal Perkins Loan, Federal Work-Study, Federal Stafford and Unsubsidized Stafford Loan programs.

Some aid programs are restricted to Oklahoma residents including the Graduate Tuition Waiver and the Oklahoma Tuition Aid Grant.

Applications are available from Financial Aid Services, 1000 Asp Avenue, Buchanan Hall Room 216, Norman, OK 73019-0230, phone 325-4521. Contact Financial Aid Services for more information or visit the University of Oklahoma homepage at www.finaid.ou.edu.

B. Need-Based Tuition Waivers

The Office of Financial Aid Services awards need-based tuition waivers to Oklahoma resident graduate students. This award is based on information reported on the Free Application for Federal Student Aid (FAFSA).

Funding for these waivers is limited, thus students are encouraged to apply as soon as possible after January 1 for consideration during the following fall/spring semesters. Contact the Office of Financial Aid Services for more information.

C. Scholarships & Fellowships

The School of Dance Graduate Fellowship application is available in the School of Dance Office: it is due February 20th of each academic year for the following year.

Students are encouraged to apply for scholarships based on academic ability, talent, or financial need. Students may visit www.finaid.ou.edu/scholarships/form.ntaf to conduct an on-line scholarship search.

The publication [A Guide to Financial Aid and Scholarships](#), available upon request from OU's Office of Prospective Student Services, contains a comprehensive listing and application instructions for OU scholarships. Scholarship recipients who are also recipients of other types of financial aid may have their financial aid award letter revised. The University strongly encourages graduate students to apply for fellowships from external funding agencies.

D. Graduate College Tuition Waivers (these do not apply to CCE or Intersession Courses)

The Graduate College awards a limited number of tuition waivers based on academic merit. A student's academic unit requests these tuition waivers. Thus, students interested in applying for a Graduate College tuition waiver should first contact the graduate liaison of their academic unit.

More detailed information regarding these waivers is available on the Graduate College website at <http://gradweb.ou.edu/waivers>. Please note: they do not apply to CCE or Intersession courses.

VI. GRADUATE ASSISTANTSHIPS

A graduate assistant, belongs to a unique group within the University of Oklahoma in that he/she has two basic responsibilities: being responsible for fulfilling personal academic goals, and being responsible to the university for carrying out teaching and/or research obligations.

A. Eligibility

In order to hold a graduate assistant appointment in the Fall or Spring semesters, an individual must be classified as a graduate student, and enrolled in a minimum of six credit hours in the semester(s) of appointment.

In order to hold a graduate assistant appointment in the summer semester, an individual must be classified as a graduate student, and enrolled in a minimum of three credit hours during the summer semester.

B. Classifications

There are four types of graduate student employees:

- Graduate Teaching Assistant
- Graduate Teaching Associate (not in School of Dance)
- Graduate Research Assistant
- Graduate Research Associate (not in School of Dance)

These are defined according to the emphasis placed on the student employee's teaching or research responsibilities. Throughout this text, graduate student employees in any one of these four categories are referred to as graduate assistants.

Graduate Teaching Assistant: A Graduate Teaching Assistant is a graduate student on stipend whose primary responsibility is in an instructional capacity. Services provided by a teaching assistant may include classroom or laboratory teaching, counseling students, proctoring examinations, grading papers, and providing other general assistance in the instruction process. Teaching assistants may occasionally conduct research as part of their service requirement.

Graduate Research Assistant: A Graduate Research Assistant is a graduate student on stipend whose primary responsibilities are other than teaching. Services provided by a research assistant may include assisting faculty members in a research or creative activity, serving as an administrative assistant (or intern), developing and evaluating instructional materials and/or curricula, providing instruction-related services, or assuming responsibility for a designated research area. Research assistants appointed on externally funded research or creative activities may assist faculty members in the completion of contracted research and creative activities. The assistant may be assigned responsibility for the independent completion of portions or all of specific contracts in research or creative activities, for preparation of required reports and proposals, and for the supervision of other research personnel.

C. Graduate Teaching Assistant Appointment

Teaching appointments are ordinarily made for an academic year, for one semester, or for the summer term. Academic Units should attempt to make these appointments by May 1 for the fall semester and by December 1 for the spring semester.

Because of budgetary and enrollment considerations, some teaching appointments may be made on other dates. Notification of appointment should be in the form of a letter from the academic unit administrator.

D. Reappointment

The continuation of any appointment is subject to, and contingent upon, the continuing availability of funds to support the project and the satisfactory performance of the assistant.

Graduate Assistant appointments are term appointments. Therefore, graduate assistants may not assume that they will be reappointed merely because no notification of termination at the end of the contract has been received. Because graduate assistant appointments are term appointments, graduate assistants do not have a right to reappointment. Graduate Assistants who wish to be considered for reappointment in the School of Dance should submit a letter to the Director no later than March 15th for the subsequent fall.

E. Workload and Enrollment Requirements

The primary purpose of a graduate assistant appointment is to aid the student in the successful completion of an academic program. For this reason, there are both minimum enrollments that are required and maximum appointments that are permitted for graduate assistants.

Students are cautioned that specific agencies - for example, the Internal Revenue Service, the Immigration and Naturalization Service, Payroll Services and Financial Aid Services – may implement or enforce the general guidelines described below in different ways. Students with specific questions are encouraged to contact the Graduate College, the Office of Financial Aid Services, the International Student Office or Payroll Services.

Employment is generally measured as a proportion of "Full Time Equivalent" or FTE status, with 1.0 FTE representing full time employment or forty hours per week.

F. Full-Time Graduate Students

A Graduate Assistant whose appointment is at least 0.50 FTE must be enrolled in a minimum of six hours in the fall and/or spring terms and three hours in the Summer Session to be classified as a full-time student.

A Graduate Assistant whose appointment is less than 0.50 FTE must be enrolled in a minimum of nine hours in the fall and/or spring terms and four hours in the Summer Session to be classified as a full-time student.

If a graduate assistant's enrollment falls below the minimum required, they are no longer considered a full-time student and are no longer eligible for an assistantship. Most academic units employ graduate students on a part-time basis. These graduate assistantships are awarded and governed by individual academic units. A student should contact the chair/director of a specific academic unit to obtain information about, and applications for, graduate assistantships.

G. Teaching Assistant Orientation

All graduate teaching assistants **must** complete the Teaching Assistant Orientation Program, offered by the Director of Instructional Development, prior to commencing teaching responsibilities. For additional information, contact the Director of the Program for Instructional Innovation Office, Hester Hall, Room 203 and may be reached at 325-2323.

H. School of Dance Teaching Assistant Orientation

All graduate teaching assistants must also attend the School of Dance Teaching Assistant Orientation conducted by the Director of the School and the Graduate Liaison, prior to commencing teaching responsibilities.

I. English Language Certification

Before assuming teaching assistant duties that require contact with students, any graduate student for whom English is not the native language must be certified as proficient in oral, aural, and written English. Certification is obtained through the English Assessment Program located in Robertson Hall Room 100. Students who wish to improve their English skills may also take non-credit speaking or writing classes offered by the English Assessment Program. For additional information contact the Director of English Assessment Program at the Graduate College, Robertson Hall Room 201, 325-1838. Website: www.gradweb.ou.edu/EAP.

J. Compensation

Graduate assistant stipends are generally treated as wages and are, therefore, taxable and subject to normal withholding. Graduate Assistants are exempt from paying FICA taxes. However, graduate students must pay FICA taxes if they are enrolled in less than 5 credit hours during the Fall or Spring semesters, or less than 2 credit hours during the Summer semester. If a graduate student's enrollment falls below the minimum required in any month, payroll services will automatically change the student's status and withhold FICA taxes. Student employees are considered temporary employees and are not eligible for vacation or other fringe benefits.

K. Additional Benefits for Graduate Assistants

Non-resident Tuition Waivers: Non-resident graduate assistants who have 0.50 FTE assistantships and are appointed from the first day of class to the last day of final examinations will receive a non-resident tuition waiver for the semester of their appointment. Students appointed as at least 0.50 FTE graduate assistants for the Spring term will be awarded waivers of the non-resident tuition in the summer session.

Resident Tuition Waivers: Graduate assistants who have a 0.50 FTE assistantship and are appointed from the first day of class to the last day of exams will receive a seven credit hour resident tuition waiver for the semester of their appointment. However, these resident tuition waivers are not awarded during the summer session.

Committees meet at 6:30 p.m. in 255 Adams Hall before the full senate meeting.

The GSS offers conference fees and research grants to graduate students, helps allocate funds to all student organizations, and acts on issues, which affect graduate education. Failure to attend meetings by a department senator makes all graduate students in the area ineligible for funding. Each year, GSS raises money for its grant endowment fund. The Graduate College and the Graduate Student Senate sponsor an annual event in which the graduate students display posters describing the research projects on which they are currently working. Cash prizes and certificates are awarded for winning posters.

IX. UNIVERSITY POLICIES: Review Provost and Graduate College websites for updates

A. Consensual Sexual Relationships Policy

Professionalism in faculty-student relationships promotes the university's education mission. Professionalism is fostered in an atmosphere of mutual trust and respect. Actions of faculty members and students that harm this atmosphere undermine professionalism and hinder fulfillment of the University's educational mission. Trust and respect are diminished when those in positions of authority abuse, or appear to abuse, their power. Those who abuse, or appear to abuse, their power in such a context violate their duty to the University community.

Amorous relationships between faculty members and students are wrong when the faculty member has professional responsibility for the student. Voluntary consent by the student in such a relationship is suspect, given the fundamentally asymmetric nature of the relationship.

Moreover, other students and faculty may be affected by such unprofessional behavior because it places the faculty member in a position to favor or advance one student's interest at the expense of others, and implicitly makes obtaining benefits contingent on amorous or sexual favors.

Therefore, the University will view it as unethical if faculty members engage in amorous relations with a student enrolled in their classes or subject to their supervision, even when both parties appear to have consented to the relationship.

Within the instruction context, it is considered a serious breach of professional ethics for a member of the faculty to initiate or acquiesce in a sexual relationship with a student who is enrolled in a course being taught by the faculty member or whose academic work (including work as a teaching assistant) is being supervised by the faculty member.

Sexual relationships between faculty members and students occurring outside the instruction context may also lead to difficulties.

B. Equal Opportunity Policy

This institution, in compliance with all applicable Federal and State laws and regulations, does not discriminate on the basis of race, color, national origin, gender, age, religion, disability, sexual orientation, or status as a veteran in any of its policies, practices, or procedures.

This includes but is not limited to admissions, employment, financial aid, and education services. Individuals are assured protection from harassment, retaliation, and discrimination for filing a complaint or assisting in an investigation under all relevant Equal Opportunity policies and procedures.

Complaints of discrimination may be filed with the Affirmative Action Office. The Equal Opportunity/Affirmative Action Office on the Norman Campus is located 660 Parrington Oval, Suite 102, Norman, Oklahoma. The office may be reached by telephone at 325-3546.

C. Patent Policy

University Patent Policy provides that all discoveries or inventions, patentable or unpatentable, that are made or conceived while the inventor is a student of the University or has made substantial use of facilities or funds provided by

or through the University are the property of the University. This policy provides protection to both the University and the inventor and offers substantial benefits to the inventor.

Copies of the Patent Policy may be obtained from the Director of the Office of Technology Management, Evans Hall, Room 201, 325-3800.

Students who make an invention or discovery under the stated conditions should contact the Director of the Office of Technology Development as soon after the invention as possible.

Additionally, if a thesis or dissertation contains information relating to an invention or discovery, the Graduate College should be contacted for further information as soon as possible.

D. Racial and Ethnic Harassment Policy

At the University of Oklahoma racial or ethnic harassment is defined as race discrimination which interferes with an individual's ability to perform his or her duties, or creates a hostile or intimidating work or academic environment. Harassment in any form is repugnant to the University community and will not be tolerated.

E. Reasonable Accommodation Policy

The University of Oklahoma will reasonably accommodate otherwise qualified individuals with a disability unless such accommodation would pose an undue hardship or would result in a fundamental alteration to the nature of the service, program, or activity or cause undue financial or administrative burdens. The term "reasonable accommodation" is used in its general sense in this policy to apply to employees, students, and visitors.

Requests for reasonable accommodation should be addressed to the Office of Disability Services, Goddard Health Center, Suite 166. Their phone number is 325-3852 and their TDD number is 325- 4173.

The Office of Disability Services accepts requests from students for reasonable accommodation after the student has self-identified as an individual with a disability.

Once the student has provided the Office of Disability Services with appropriate diagnostic information which substantiates the disability, the Office of Disability Services will assess the impact of the disability on the student's academic program and record the required academic accommodations in a memo to the instructor. All diagnostic information is confidential and therefore memos can only be sent at the student's request.

Not every student with a disability requires consideration beyond that which may be granted to any other student in the class. For those who do require special consideration, departments need to recognize that both sensitivity and responsiveness to the special needs of the student are critical.

The Office of Disability Services requires that the following statement be included in the class syllabus and announced during the first day of classes:

"Any student in this course who has a disability that may prevent him or her from fully demonstrating his or her abilities should contact me personally as soon as possible so we can discuss accommodations necessary to ensure full participation and facilitate your educational opportunities."

This statement gives the student full responsibility for contacting the instructor to request assistance in arranging academic accommodations. It also indicates that the instructor is willing to provide the assistance required to meet that student's educational goals.

F. Sexual Harassment/Sexual Assault Policy

The University of Oklahoma explicitly condemns sexual harassment of students, staff, and faculty. Since some members of the University community hold positions of authority that may involve the legitimate exercise of power over others, it is their responsibility to be sensitive to that power.

The University is committed to providing an environment of study and work free from sexual harassment and to insuring the accessibility of appropriate grievance procedures for addressing all complaints regarding sexual harassment.

To proceed with such a grievance contact the Equal Opportunity/Affirmative Action Office, Evans Hall, Room 102, for further information, or call 325-3546.
